

Together, we build resilience & community

At Girls on the Run North Bay, every girl receives what she needs to build resilience and community. We provide an inclusive, fun, and diverse environment where she can nurture her emotional health, build positive friendships, and develop tools to recognize her potential and reach her dreams!

Thanks to our partners and champions, we are achieving our goal to expand support for our under-resourced communities since merging to serve Napa, Solano, and Sonoma in 2022. Although there was a decrease in the overall number of participants this year, we are pleased that the number of families receiving financial support increased by 20%.

- 1,143 participants fostered social, emotional, and physical health
- 59 schools held groups thanks to 179 volunteer mentor coaches
- 74% of girls received financial assistance
- 69% of girls came from traditionally under-represented racial/ethnic groups

Grateful for our *partners*

Every girl was uniquely impacted by the generosity of our partners and champions. We are grateful our long-time supporters, Napa Valley Vintners, Clif Family Foundation, Risher Family Foundation, Napa Valley Community Foundation, and other family funds and new donors that together help more girls from under-resourced communities access life-changing programming. Together, we are building an inclusive, diverse, and equitable community and giving her the gift of confidence to achieve her dreams.
