Who We Are

Girls on the Run Long Island is a 501 (c) 3 nonprofit which provides a physical activity based positive youth development program for girls in 3rd through 8th grades. Our transformational, research-based curriculum includes lessons that help girls improve their competence, confidence, and character while connecting them to their community through a girl led community service project.

What We Do

The girls meet after school for 16 twice-weekly lessons where our trained coaches teach life skills through dynamic, interactive activities and running games. The program culminates with the girls being physically and emotionally prepared to complete a celebratory 5K running event. The goal of the program is to unleash confidence through accomplishment while establishing a lifetime appreciation of health and fitness.
