Please be aware of the Construction on US-127 and surrounding roads while traveling to Campus.

Construction on the US-127 Corridor Improvement Project has restarted in Spring of 2025. **This will impact those traveling to campus from US-127, I-96, and I-496.**

- If you are coming from the Detroit area, use **Okemos Exit 110.**
- If you are coming from the Flint area, use **Saginaw Business Loop off I-69.**
- **The Trowbridge exit is open**, however, it will be impacted by traffic delays.

We HIGHLY recommended that you use GPS apps to find the best solution to get to campus. Route your GPS to any of the recommended parking lots or parking ramps listed above.
